Dear Patron Pragya Dr. Jagman Khrongi-Lam Tamu PhD, Writers/Scholars, Editorial Board Members, Tamu Organisation/Spiritual Leaders, Media Team, Forum Executive/Board Members and Tamumei Living around the world. न्यानो आबिवादन सहित छ्याजलो,

On behalf of Tamu (Gurung) Culture Forum-UK, I would like to express our genuine appreciation for taking the time to attend our Tamu Culture Forum-UK Pragya Level 2nd Hybrid Editorial Board Summit. Your presence and engagement contributed greatly to the success of the meeting and meant a lot to us.

I also take the pleasure to announce Dr. Tekbahadur Lem Tamu PhD to lead the Tamu Culture Forum-UK Editorial Board with 26 Editorial team and 51 Executive Advisers and Board members. Based on his eminence and expertise in the field of Tamu (Gurung) History, Culture, Customs and Civilization, the team will be in good hands. The Executive Board, editorial teams and advisers have been doing their research since 2014 on archaeological studies undertaken by Cambridge University & PPC Yarjung Kromchhen Gurung's team. More importantly, the culture and traditions (रीतिथिती) which our ancestors had established and passed down to us are the traditions which Pragya Dr. Jagman & other Gurung writers have studied and researched intensively. Our Gurung culture and traditions (रीतिथिती) exist for the collective benefit of everybody. The Tamu Heritage Trilingual Book has been produced based on two fundamental points. They are:

- 1) On the thorough research carried out by the Archeologists of Cambridge University along with Pachyu Painsi Chiba (PPC) Yarjung Kromchhen Tamu at Kohlasonthar in 1997. Cambridge University is a top university in UK and renowned worldwide.
- 2) Based on Tamu culture and traditions (रितिथिती), which are the unwritten Beliefs and Customs that we had inherited from our ancestors from hundreds of years ago, which they had wisely established for the collective benefit of the Tamu clan. By observing and displaying such rich culture we are popularly recognised as Tamus all over the world.
- 3) **NOTE:** In fact our traditions (रितिथिती) are quite similar to that of the unwritten constitution that is followed by the UK Parliament, which is highly regarded & admired worldwide!

The Tamu Forum-UK Executive team have full confidence with Dr. Tekbahadur Lem Tamu PhD and his Editorial team and their professionalism and expertise will be a great asset for the Tamu Heritage Trilingual Book (तमू (गुरुङ) सम्पदा त्री-भाषीय पुस्तक " गुरुङहरुको इतिहास, संस्कृति, भाषा र सभ्यता).

We wish you and your team all the best in your work and know that the project will be completed in the given timeline. I look forward to meeting you all at the Final Draft Meeting Once Editorial Team has completed its objectives. Photos taken from Event are attached below with this Letter for a Glance.
